

NORDIC EDGE

SAVE THE DATE NORDIC EDGE CHINA CONFERENCE 26-27 MAY 2021

Nordic Edge China is a digital Smart City knowledge exchange conference.
Discover innovative smart city planning and solutions and join workshops
with other stakeholders from China and the Nordics.

Who can join?

Anyone who is interested in learning about smart city initiatives, projects and best practices in China and the Nordics. Attendees will include smart city practitioners, scholars, investors, politicians, and students.

Why join?

Nordic Edge China offers an international Smart City platform to enable knowledge exchange, to share experiences, and to foster collaborations between the Nordics and China. Experience large-scale Smart City projects first-hand and find potential business partners.

For more information, please visit:

nordicedge.org

26 MAY

Nordic Edge China Summit

Knowledge exchange of Smart City Development's best practices from China and the Nordics.

27 MAY

Parallel sessions

Workshops from China and the Nordics.

The event will be streamed live from conference venues in China, with digital participation from the Nordics. Attendance to the digital conference and workshops is free of charge.
